### SUMMARY

Dynamic and innovative full-stack web developer with extensive experience in designing and maintaining comprehensive web solutions. Adept at handling complex projects from concept to execution. Passionate about creating user-friendly websites and applications. Skilled problem-solver committed to staying updated with new technologies. Enthusiastic science fiction reader and music enthusiast bringing creativity to both coding and personal pursuits.

### WORK EXPERIENCE

#### Web developer Full stack

GRS Technology, Mazatlán, Sinaloa, Mexico | January 2024 - Present

- Developed dynamic and responsive web applications using React for the frontend and Node.js with Express.js for the backend, resulting in a 40% increase in application performance and user satisfaction.
- Implemented robust RESTful APIs using Node.js and Express.js, facilitating seamless data interactions between the application frontend and backend.
- Designed and maintained SQL databases, optimizing queries and schemas to reduce data retrieval times by 30% and support high-volume data needs.

#### Web developer Trainee

Pueblo Bonito Emerald Bay Resort & Spa, Mazatlán, Sinaloa, Mexico | (October 2023)to(December 2023)

- Led the migration of legacy PHP 7.4 applications to PHP 8.2, ensuring compatibility and performance enhancements across multiple software modules.
- Collaborated with a team of 4 engineers to redesign and optimize backend systems
- Developed and integrated new features using JavaScript and AJAX, improving user interactivity and real-time data processing on client applications.

#### Assistant Systems Trainee

Pueblo Bonito Mazatlán Beach Resort, Mazatlán, Sinaloa, Mexico | (October 2022)to(December 2022)

- Supported the installation and configuration of software and hardware systems, including network printers, routers, and firewalls, ensuring seamless integration into existing infrastructure.
- Participated in daily system backup procedures and disaster recovery operations, contributing to the development of more robust data protection strategies.
